

NeuroNourish — App Preview storyboard

~24-second App Store preview · 6 beats · real app footage + captions

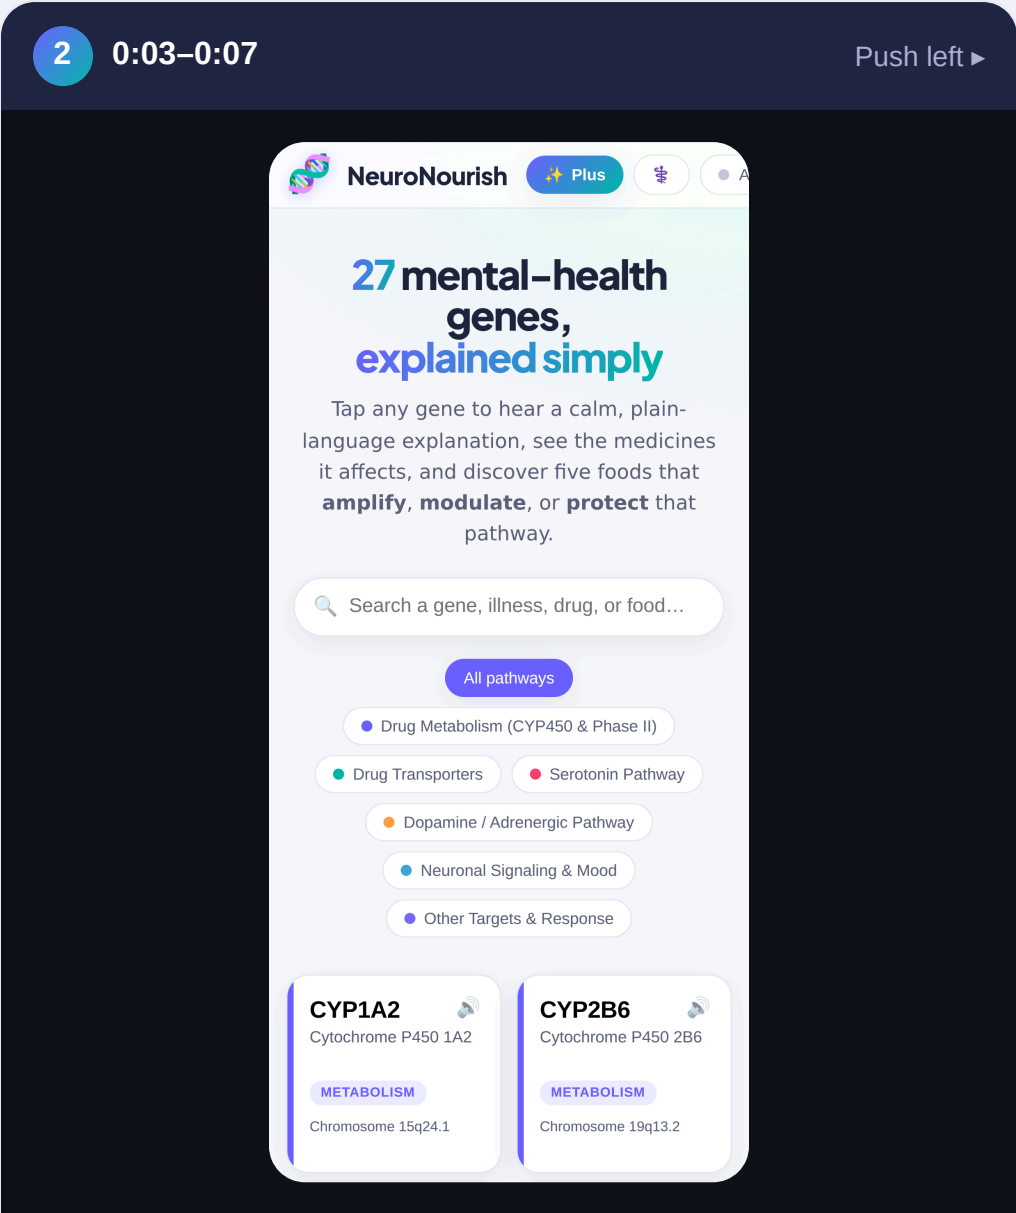

Export: portrait 1080×1920 · H.264 · 30 fps · ≤30 s · poster frame = Shot 1 (Home). Full shot notes, VO script, music direction & recording guide: store/app-preview-storyboard.md

“Your mind, your genes, your food.”

Action: App opens; gene grid fades in. (Poster frame.)

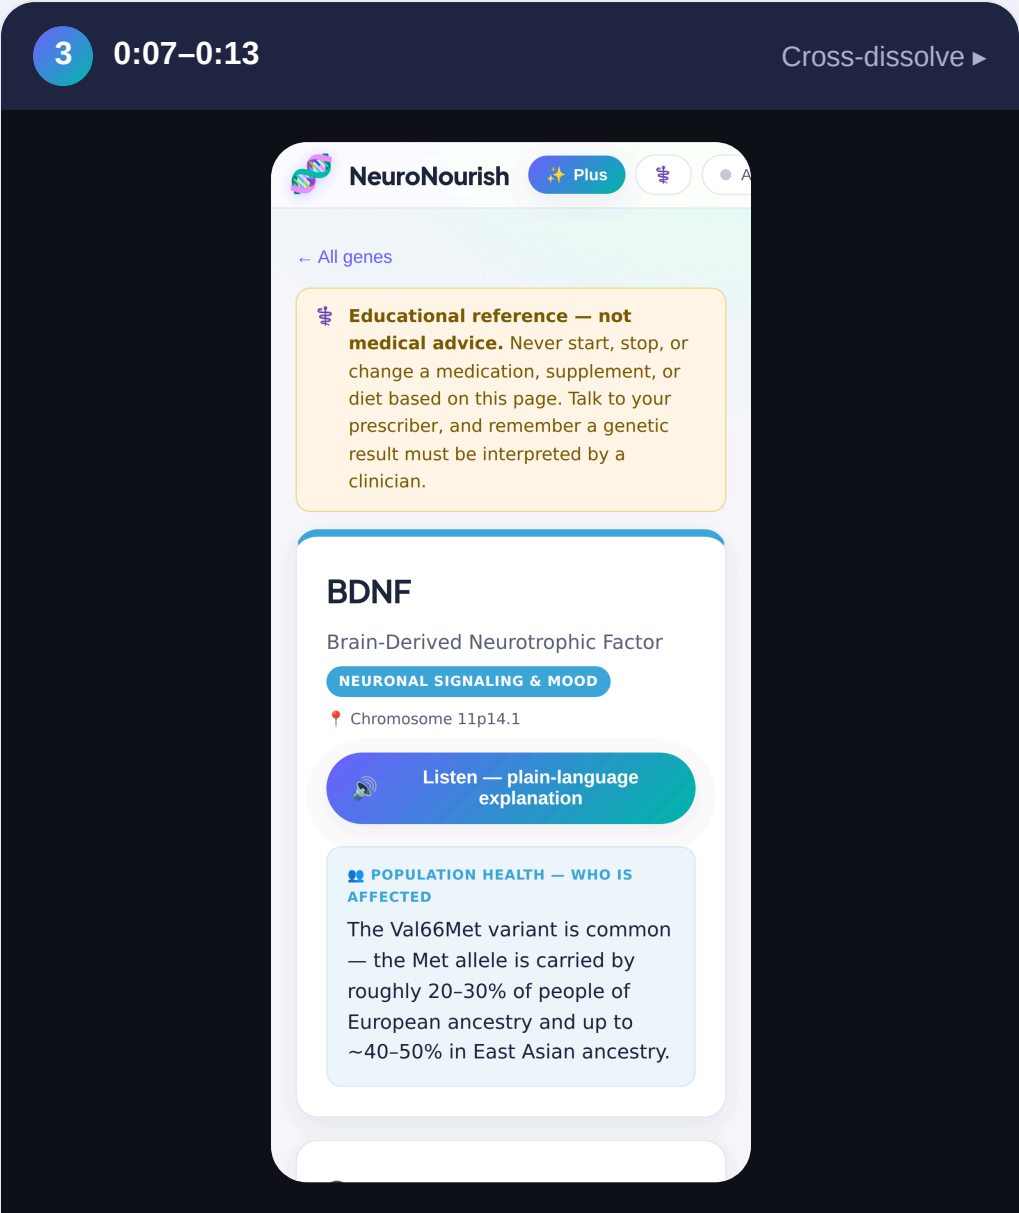

VO: “Meet NeuroNourish.”

“27 mental-health genes, explained simply.”

Action: Gentle scroll through cards; tap a gene.

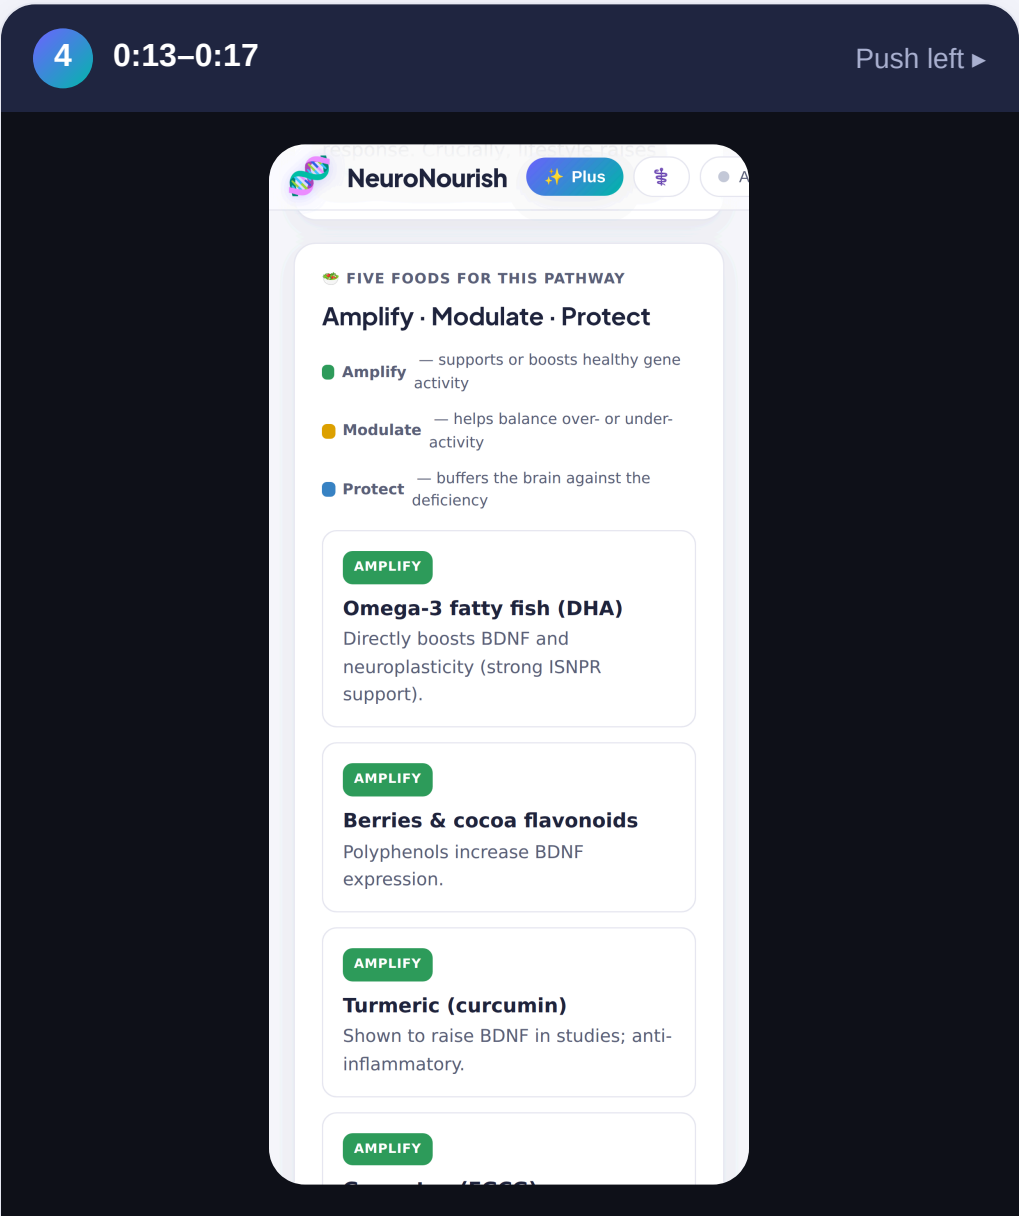

VO: “Twenty-seven genes, in plain language.”

“Plain-language guides + calm audio.”

Action: Detail opens; tap Listen → narration plays.

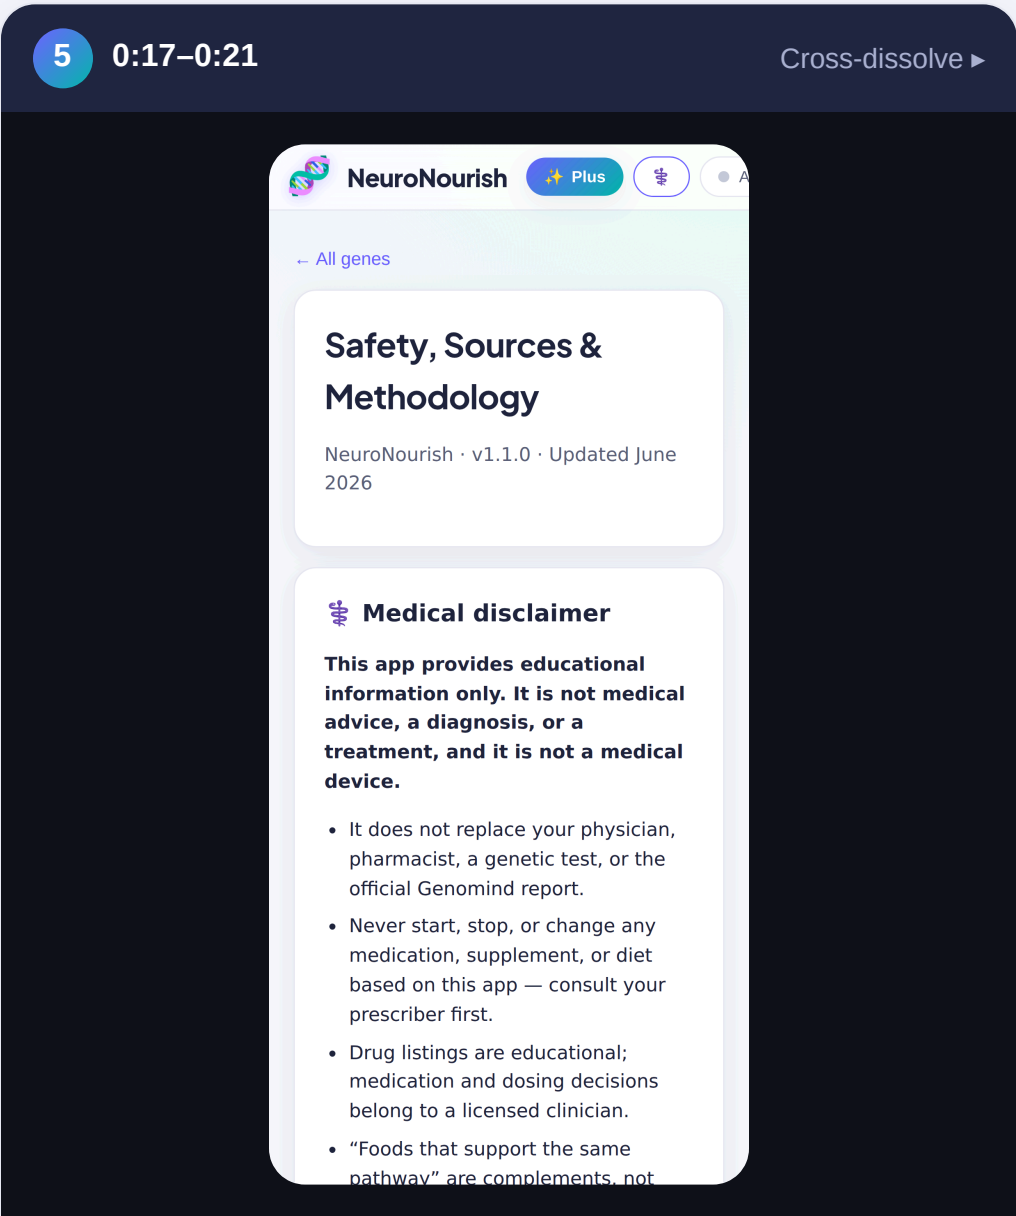

VO: (let ~2s of real narration play)

“Foods that support each gene’s pathway.”

Action: Scroll reveals Amplify / Modulate / Protect.

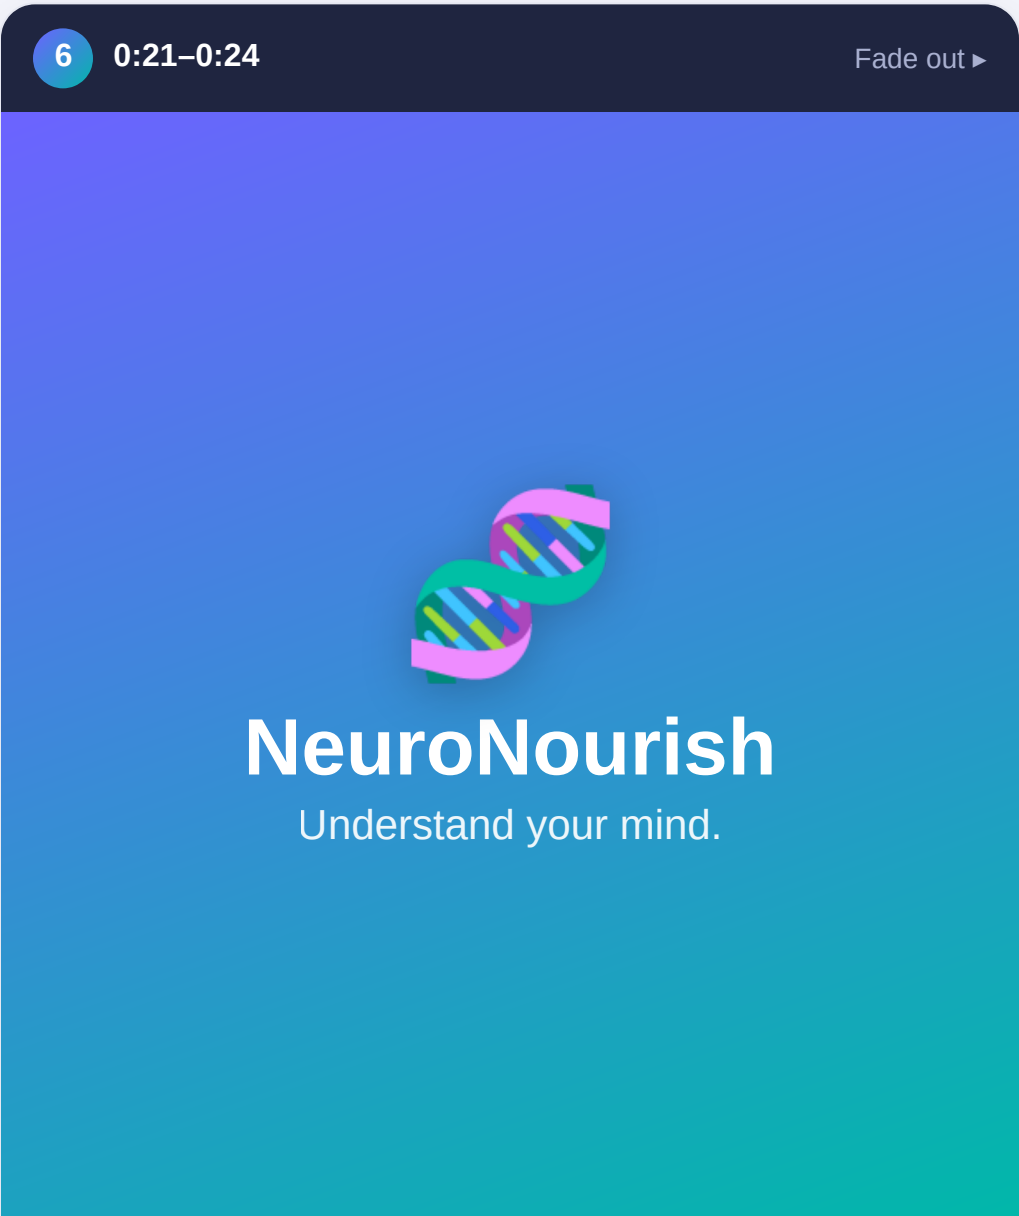

VO: “...and foods that support the same pathways.”

“Trusted sources. Private by design.”

Action: Scroll disclaimer → sources → privacy.

VO: “Sourced, transparent, and private.”

“NeuroNourish — Understand your mind.”

Action: Brand end card; icon scales in.

VO: “NeuroNourish.”

Educational positioning throughout — no diagnosis/treatment claims. Captions ≥1.5 s, within safe area. Duck music under Shot 3 so narration is audible.
